# WHO IS CHEYTAC USA

What does it mean for something to be hand built to perfection? For all of us here at CheyTac USA, it means pouring everything we have into the firearms we build.

We aren't a faceless corporate roundtable of suits. We are the shooters and engineers who are passionate about shooting, and passionate about building the best firearms in the world. We build the best, because we want to shoot the best.

That is CheyTac USA. We are stewards of a legend. We are guardians of world renowned weapon systems, revered by masters of marksmanship. We've inherited a masterpiece.

It's well documented, in publication after publication, the CheyTac M200 Intervention is the Best of the Best. And It's an incredible responsibility. To take something so masterfully designed and endeavor to elevate it, to be bold enough to believe that we can continue to make it better.

With a family of professional gun builders, designers, manufacturers, and marksmen who promote peace and empower freedom through masterfully crafted weapons built for those who believe in the land of the free and home of the brave. We are paving the way for new horizons in innovation... taking the legend to the next level. Hand built to perfection in Tennessee.

## WE MAKE EVERY SHOT COUNT

# CHEYTAC USA CT10

## SPECIFICATIONS

- Receiver set: Precision Machined Aluminum Billet
- Effective Range: 1000+ Yards
- Caliber/Barrel: 18" .308 1:10T or 6.5 Creedmoor 1:8T
- Muzzle: Custom Thread Protector with additional A2 Birdcage Flash Hider
- Trigger: Timney 2 Stage AR TARGA
- Safety: Ambidextrous Timney 49er Safety
- Gas System: Adjustable Gas Block with Rifle Length Gas Tube
- Buffer System: LR-308 Buffer
- Bolt Carrier Group: 7.62 x51 mm BCG, properly staked gas key
- Handguard: Custom CheyTac 15" MLoc
- Accessory: 5 Slot Picatinny Rail
- Charging Handle: Armaspec Ambidextrous Charging Handle
- Stock: B5 Systems Enhanced SOPMOD, 6 Position adjustable w/ QD Mount
- Pistol Grip: B5 Systems Textured Black Polymer
- Magazine: 10 Round
- Cerakote Options: Armor Black, Burnt Bronze, Flat Dark Earth, O.D. Green, Tungsten

---

\*Bipod and optic not included

# / CHEYTAC USA CT15

## SPECIFICATIONS

- Receiver set: Precision Machined Aluminum Billet
- Effective range: 800 Yards
- Caliber: 5.56 NATO
- Barrel: 16" 1:7T, Gov Profile, 4150 Chrome Moly Vanadium steel with a QPQ Corrosion Resistant Finish and QPQ coated M4 feed
- Muzzle: A2 Flash Hider
- Trigger: Timney Impact AR Trigger, drop-in, 3lb pull
- Ambidextrous Safety
- Gas System: Low Profile gas block, Nitride Coated, Mid Length gas tube
- Buffer System: H2 Buffer Assembly with 17-4 SS Spring

\*Bipod and optic not included

- Bolt Carrier Group: Full Auto Cut & Rated, properly staked gas key NiB coated
- Handguard: 14.75" M Lok, CNC Machined of 6061-T6 Aluminum with integrated QD mounts
- Accessory: 5 slot Picatinny Rail
- Charging Handle: Armaspec Ambidextrous Charging Handle
- Stock: B5 Systems Enhanced SOPMOD, 6 Position adjustable w/ QD Mount
- Pistol Grip: B5 Systems Textured Black Polymer
- Magazine: 30 Round (10 round for state compliance)
- Cerakote Options: Armor Black, Burnt Bronze, Flat Dark Earth, O.D. Green, Tungsten

# **CHEYTAC USA** **CT15F MIL STD**

## **SPECIFICATIONS**

- Receiver Set: Forged
- Effective Range: 800 Yards
- Caliber: 5.56 NATO
- Barrel: 16" 1:7T, Gov Profile, 4150 Chrome Moly Vanadium steel with a QPQ Corrosion Resistant Finish and QPQ coated M4 feed
- Muzzle: A2 flash hider
- Mil-STD Safety Selector
- Trigger: Mil-STD Fire Control Group  
B5 Systems Polymer Trigger Guard
- Gas System: Low Profile Gas Block with mid-length gas tube
- Bolt Carrier Group: Full auto Cut & Rated, properly staked gas key, NiB coated
- Buffer: Carbine H Buffer Assembly
- Hand Guard: 14.75" M Lok, CNC Machined of 6061-T6 Aluminum with integrated QD Mounts
- Charging Handle: Mil-STD
- Buttstock: B5 Systems Enhanced SOPMOD, 6 position adjustable with QD mount
- Pistol Grip: B5 Systems Textured black Polymer
- Magazine: 30 Round (10 Round State Compliance)
- Cerakote Options: Black, Tungsten, Burnt Bronze, Flat Dark Earth, O.D. Green

\*Bipod and optic not included

# **CHEYTAC USA** **SAPP**

## **SPECIFICATIONS**

- Action Type: Cheytac Short Action with 20 MOA base
- Effective Range: 1200+ Yards
- Caliber: .308 Match 1:10T / 6.5 Creedmoor 1:8T
- Barrel: 20" / 24"
- Weight: 15 lbs
- Chassis: KRG Whiskey 3 Folder / KRG Bravo
- Trigger: Timney Elite Hunter, Adjustable 1.5-4lbs with Top Safety
- Magazine: Five (5) round detachable box mag

- Muzzle Thread: 5/8 x 24 TPI (threads per inch)
- Cerakote Options: Armor Black, Flat Dark Earth, O.D. Green
- Includes Picatinny Rail and Thread Protector
- Custom case included with one (1) magazine

---

\*Bipod, muzzle brake, and optic not included

**WHETHER IT'S ON THE RANGE OR IN  
THE FIELD, CHEYTAC USA BOLT ACTION  
RIFLES ARE UNLIKE ANYTHING ON THE  
MARKET.**

\* Cowboy and horse not included

## PALADIN & PERSES

### SPECIFICATIONS

- Action Type: CheyTac Long Action with 20 MOA base
- Effective Range: 1500+ Yards
- Caliber: .300 Win Mag 1:10T /7mm Magnum 1:8.7T /6.5×284 Norma 1:8T
- Barrel: 26" M24 Profile
- Muzzle Thread: 5/8 x 24 TPI (Threads Per Inch)
- Weight: 15 lbs
- Chassis: KRG Whiskey 3 Folder
- Trigger: Timney Elite Hunter, Adjustable 1.5–4lbs with Top Safety

- Magazine: Five (5) round detachable box mag
- Cerakote Options: Armor Black, Flat Dark Earth, O.D. Green
- Includes Thread Protector
- Custom Case included with one (1) magazine

### PERSES (specs as above except...)

- Effective Range: 2,000+ Yards
- .338 LM 1:9.3T
- .338 Norma 1:9.3T
- .300 Norma 1:9.3T

\*Bipod, muzzle brake, and optic not included

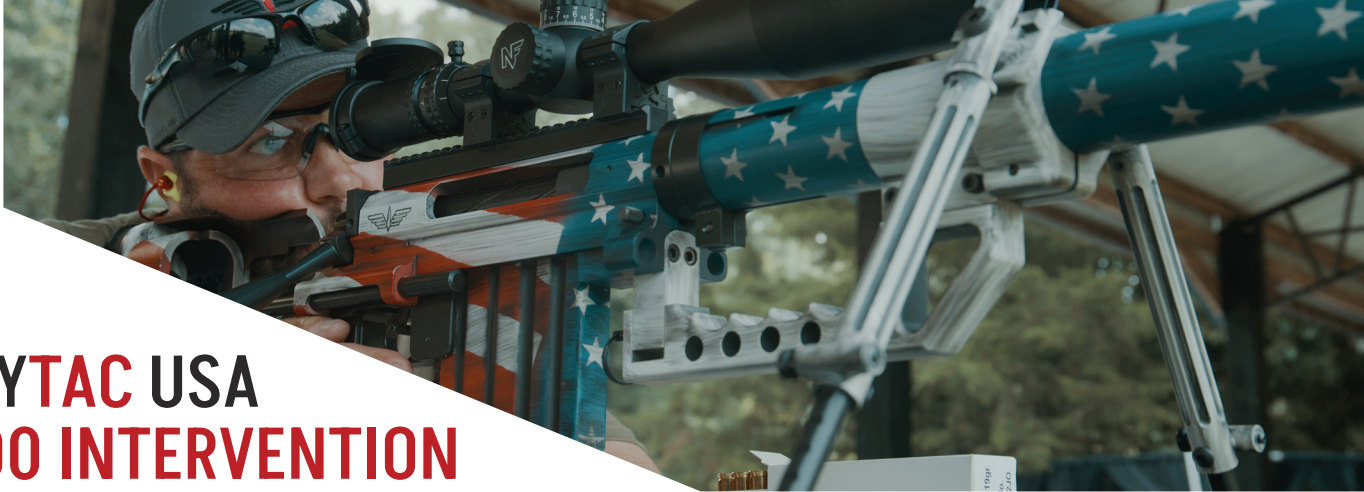

# / CHEYTAC USA M300 PRAETORIAN

## SPECIFICATIONS

- Action Type: CheyTac USA Magnum Action w/40 MOA Base
- Effective Range: 2500+ Yards
- Caliber: .408 CheyTac & .375 CheyTac
- Barrel: 29" fluted barrel standard (custom length available)
- .408CT, 29" fluted 1:10T
- .375CT, 29" fluted 1:9.5T
- Muzzle: Removable muzzle brake 7/8x24 TPI (threads per inch)
- Weight: 21 pounds
- Trigger: Timney Elite Hunter, adjustable 1.5-4lbs w/ bottom safety
- Accessory: Picatinny Rail for optional bipod
- Cerakote Options: Armor Black, Flat Dark Earth, O.D. Green
- Magazine: Seven (7) round detectable box mag
- Custom case included with one (1) magazine
- Available in Composite Stock or Cadex Chassis

\*Bipod and optic not included

# **CHEYTAC USA** **M200 INTERVENTION**

## **SPECIFICATIONS**

- Action Type: Cheytac USA Long Action w/40 MOA Base
- Effective Range: 2500+ Yards
- Caliber: .408 Cheytac & .375 Cheytac
- Sub MOA
- Muzzle Thread: 7/8 x 24 TPI (threads per inch)
- Length: 55" fully extended, 48" collapsed
- Interchangeable Barrels:
  - .408CT, 29" fluted 1:10T
  - .375CT, 29" fluted 1:9.5T

- Weight: 31 lbs (without optic)
- Stock: Five (5) position fully adjustable stock w/ built-in monopod
- Trigger: Timney Elite Hunter, Adjustable 1.5-4lbs w/ bottom safety
- Cerakote Finish: Armor Black, Flat Dark Earth, O.D. Green
- Custom case included with one (1) magazine
- NSN: 1-005-01-515-5774

---

\*optic not included

**RANKED THE #1 SNIPER RIFLE IN THE WORLD, THE M200 DELIVERS SUB-MINUTE OF ANGLE ACCURACY, COMBINED WITH THE ABILITY TO ENGAGE TARGETS OF 2500 METERS AND BEYOND.**

# / CHEYTAC USA .408/419gr

## AMMUNITION

The .408 Cheytac is the first cartridge developed to be more accurate and more capable of retaining kinetic energy down range than all currently available calibers. The high velocity and equally high ballistic coefficient produce unmatched supersonic flight beyond 2,200 yards. More importantly, transonic destabilization was conquered as a result of the patented projectile design, thus allowing the projectile to fly predictably to 3,000 yards and beyond. The .408 Cheytac 419 grain solid projectile has an initial muzzle velocity of 2950FPS and remains stable through the transonic period of flight.

- (Patented) Balance Flight Projectile
- High kinetic energy at all distances
- Combined speed, distance, and superior accuracy across all ranges
- Copper Alloy bullet
- Ballistic Coefficient: .949 (average over 3,500 yards)
- Weight: 419 grain
- Length: 4.303
- Velocity: 2,850 fps
- Accuracy: <0.7 MOA
- Muzzle Energy: 8,372 ft. lbs.
- N.E.W. 9.27 gram
- NSN:1305015852330
- Nominal Weight of the cartridge:60g

# **CHEYTAC USA** **.375/350gr**

## **AMMUNITION**

Our Patented Balance Flight Technology utilizes unique processes to deliver the highest levels of repeatability. While traditional jacketed bullets are produced on multi-stage stamping machines consisting of dies, with each stage and die combination producing a slightly different bullet, we machine our bullets on state-of-the-art CNC machines to produce incredibly precise tolerances and eliminate manufacturing variations.

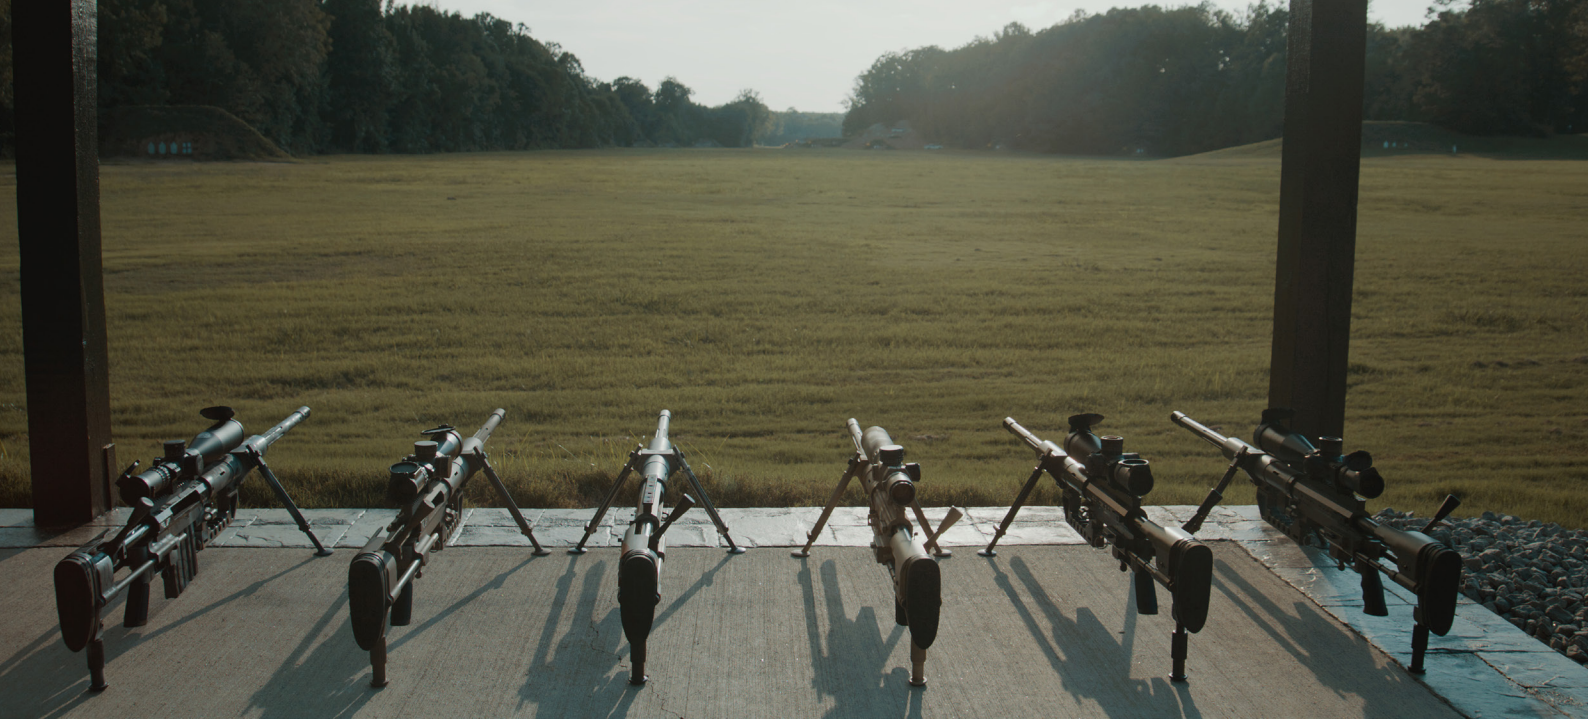

- (Patented) Balance Flight Projectile
- Designed for hunting and competition shooters
- 30-50% flatter trajectory than .338 LM, .50 caliber, and .408 caliber
- Copper Alloy bullet
- Ballistic Coefficient: .988
- Weight: 350 grain
- Length: 4.303
- Velocity: 2,970 fps (approx.)
- Accuracy: <0.7 MOA
- Muzzle Energy: 6,723 ft. lbs. (at 200M)
- NSN: 130501677532
- N.E.W. 8.75 gram
- Nominal weight of the cartridge: 58g
